Showcase 2023

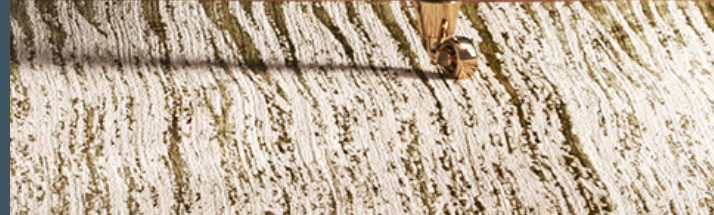

WE ARE THRILLED TO PRESENT THE BESTSELLERS COLLECTION.

A collaboration between MY Sofa Covers and Linwood Fabrics showcasing a handpicked, streamlined collection of best selling fabrics available exclusively to MY Sofa Covers customers at a discounted rate.

The collection features a range of premium prints as well as velvets, weaves and plains. We are certain that you will find a fabric or two you will fall in love with within this range. Fabric samples are available via MY Sofa Covers completely free of charge and we are pleased to be able to offer any fabrics featured at a 5% discount to our customers.

Features fabrics from Omega Prints, Omega Prints 2, Omega 3, Westray, Pronto, Verde, Lana and Freya.

If you require any fabric samples or need any help with colour matching please reach out to a member of our team via sales@mysofacovers.com.

Blossom

A contemporary twist on an unusual Japanese toile from the 1940's.

Kami

LF2215FR/002
Topaz

A statement, oriental inspired design.

Westray

Westray, a timeless plain made in Britain. This small scale weave is made from 70% cotton mixed with just enough of the finest Shetland wool to make this fabric naturally fire retardant. Not only is it practical and hard wearing but it's environmentally friendly too. Dry clean only.

Product Specifications _

Composition: 70% Cotton, 30% Wool

Usage: Curtains & Upholstery

Upholstery Grade: General Domestic

Martindale Rub Test: 35,000

Cleaning: Dry clean

LF1828FR/007 Putty

Verde

Beautiful and eco-friendly, Verde is made from 80% recycled cotton with a brushed finish. A perfect clean, chemical free option as the fabric comes non stain treated and non FR treated, although it can be treated with an optional Oekotex 100 sustainable backcoat. Verde is durable, made in Italy and can be machine washed at 30°C.

Product Specifications _

Composition: 20% Acrylic, 80% Recycled Cotton

Usage: Curtains & Upholstery

Upholstery Grade: Contract, General Domestic

Martindale Rub Test: 50,000

Cleaning: Machine washable at 30°C, allow 5% shrinkage

Omega 3

Linwood's first sustainable velvet! Omega III is woven with 60% recycled polyester and is inherently FR - meaning there's no chemical back coat for fire retardancy. It's kinder to the environment and produces a softer, more luxurious feel. For every metre woven the equivalent of 10 large plastic bottles are removed from the environment. After years of development Linwood has finally landed on a velvet that feels good, looks good and doesn't harm the earth.

Product Specifications _

Composition: 60% Recycled Polyester, 28% Polyester, 8% Acrylic, 4% Viscose with SR finish

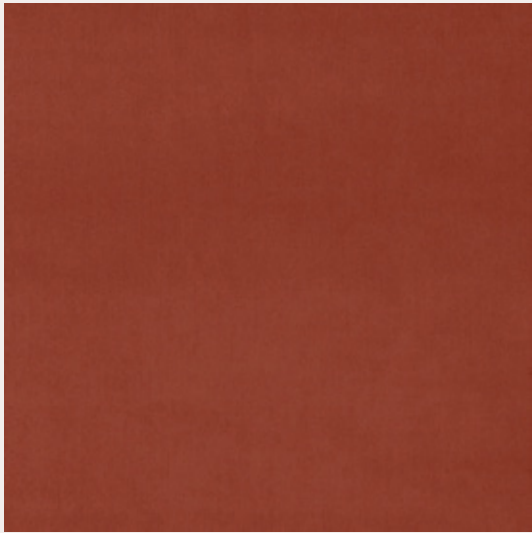

Usage: Curtains & Upholstery

Upholstery Grade: Contract, General Domestic

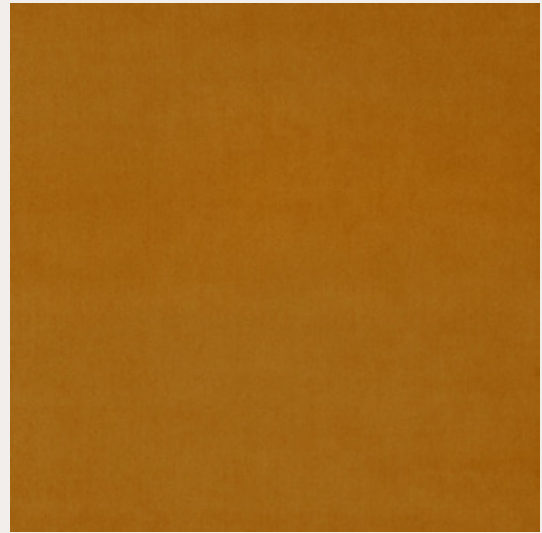

Martindale Rub Test: 100,000

Cleaning: Machine washable at 30°C
